Gentlemen:

Several discussions have occurred during the past several months concerning remedial action on the Sauget Treatment Plant closed lagoons and ponds area. Our recommendation from the Treatment Association is for the Village to proceed.

This would involve continuing meetings with the Illinois and Federal EPA to gain approval for the proposal in concept prior to proceeding. The proposed action is to follow the recommendation of Geraghty & Miller, Inc. for mitigation. Split of the cost would be as follows:

	<u>%</u>
Amax	4.0
Cerro Copper	4.0
Ethyl	4.0
Midwest Rubber	4.0
Mobil	9.0
Monsanto	<u>75.0</u>
Total	100.0

The understanding and commitment is for a project of \$2.0M up to a maximum of \$3.0M. Any expenditure beyond the \$3.0M maximum must be reviewed with the plant representative.
